AMBIANCE HOME STAGING WINS TRILLIUM AWARD FROM HOUSING FIRST MINNESOTA

BURNSVILLE, MN. (NOV 1, 2021)—Ambiance Home Staging is proud to announce that the company has earned a Trillium AwardSM from Housing First Minnesota for its work on the Reggie Award-Winning home by Style & Structure, LLC, in Stillwater, MN. The Trillium Awards are presented to the trade partners of Reggie AwardSM-winning and ROMA-winning homes for their contributions in making those homes exceptional. Ambiance received its honor at Housing First Minnesota's Building Industry Gala (BIG) Night, presented on Oct. 29 at Mystic Lake Center.

The Trillium Awards were designed 20+ years ago to recognize the partnership between contractor and their suppliers and sub-contractors in creating excellence. Today, companies that provide products, services or labor for any new home entered in the Reggie Awards or remodeling project entered into the ROMA Awards are eligible to enter the Trillium Awards. When a home or remodeling project wins, the entered trade partners are awarded the Trillium.

"Every new home or remodeled project incorporates the talents and experience of so many other companies and individuals," explained Housing First Minnesota executive director, David Siegel. "Our Trillium Awards allow us to recognize those talents. Ambiance truly deserves this honor."

"We are so proud to earn this honor," said Carrie Ingalls, Ambiance Owner. "We consider ourselves partners with every builder and remodeler we work with. We work hard to ensure we style each project to complement the home's design and appeal to the potential client. It was truly a pleasure to work on this gorgeous custom home with our partners and friends at Style & Structure."
